

## FACET Gem Showcase Wednesday March 21st 7-9

update from meeting on January 8

Present : Nancy Loughran, Marlene Fagan, Debbie Bruno

The high school layout was looked at to get a feeling for how space could be allocated. A very preliminary, rough plan is attached. The thought is to use the back of the school on the first floor only. This will evolve as items are lined up for the evening.

We discussed how to decide what is included - we thought Administrators at each school should be involved in deciding what will represent their school.

A program will be created that outlines all the activities going on and will have room for sponsorship. JB Sterling has agreed to be a lead sponsor. This will list the times for all presentations as well as information on all presenters and FACET. People can hopefully take it home to learn even more.

We envision a keynote speaker that would present several times during the evening that will hopefully draw the community in and once they are in the building they will look around.

### **5 categories have been identified to help organize activities for the evening:**

#### 1. Arts including:

##### Visual

- John Brien demonstration/ ceramics
  - Artist in residence (career)
  - Photo display
  - Hanging Around Frame Shop

##### Performing

#### -Downstage

- Music/ open mic
- Acapella group
- Prism concert
- Drama

##### Culinary

#### 2. Clubs across all school levels -

Robotics demonstration

Liz Brown would like to showcase MB tech projects

Deca club

#### 3. Business

Would like to have local entrepreneurs share their story

Mulconrys, Fabgear, Green Lantern

4. Alumni/Community -

have a prominent alum or community member speak -  
asking "Dr Hubble" if he will speak about his career

maybe a local author could talk about their book and do a book signing  
set up space by the auditorium to showcase why alums have been inducted into the wall of  
fame - allow people to register as an alum of Fairport

5. Today's Classroom -

Mini lessons taught by teachers from all levels

Several leadership groups give presentations

Science lessons by Mr. Ognibene and/or the team that went to NASA

School librarian could read a story

As a **tie in** to this and Brotherhood/Sisterhood week, Nancy suggested identifying teachers  
at MB, JP and FHS that are Fairport alum. They could wear a pin.

For example: a red/blue pin in the shape of an F
